

Besides, fill in the table (includes drugs necessary for the preparation for the exam and STEP tests)

| Drug name | Group | Type of action | Mechanism of action | Spectrum of action | Indications | Typical side effects |
|---|-------|----------------|---------------------|--------------------|-------------|----------------------|
| Chloroquine (Delagil, Quingamine) | | | | | | |
| Pyrimethamine (Chloridine) | | | | | | |
| Potassium permanganate | | | | | | |
| Alcoholic iodine solution | | | | | | |
| Nifuroxazide | | | | | | |
| Hydrogen peroxide | | | | | | |
| Actinomycin | | | | | | |
| Methotrexate | | | | | | |

Please send the photos of the tasks accomplished to your teacher (the e-mails are given below)

Also, the students should pass the tests for submodules 5 and 6 by registering with their usual login and password in the system <http://tests.nuph.edu.ua/login/index.php> The data about their passing will be checked.
