

List of Theoretical Questions for Content Modul 2

1. Nomenclature of drugs affecting the cardiovascular system
2. Typical and other side effects of drugs that affect the cardiovascular system
3. The main mechanisms of side effects of drugs that affect the cardiovascular system
4. Contraindications of drugs that affect the cardiovascular system
5. Factors contributing and reducing the side effects of drugs that affect the cardiovascular system
6. Principles of prevention of side effects of drugs affecting the cardiovascular system
7. Nomenclature of diuretics, antigouty drugs
8. Typical and other side effects of diuretics, antigouty drugs
9. The main mechanisms of side effects of diuretics, antigouty drugs
10. Contraindications of diuretics, antigouty drugs
11. Factors contributing and reducing the side effects of diuretics, antigouty drugs
Principles of prevention of side effects of diuretics, antigouty drugs
12. Nomenclature of medicines, affecting endocrine system, myometrium, contraceptives
13. Typical and other side effects of medicines, affecting endocrine system, myometrium, contraceptives
14. The main mechanisms of side effects of medicines, affecting endocrine system, myometrium, contraceptives
15. Contraindications of medicines, affecting endocrine system, myometrium, contraceptives
16. Factors contributing and reducing the side effects of medicines, affecting endocrine system, myometrium, contraceptives
17. Principles of prevention of side effects of medicines, affecting endocrine system, myometrium, contraceptives
18. Nomenclature of cellular and tissue metabolism correctors, vitamin containing drugs
19. Typical and other side effects of cellular and tissue metabolism correctors, vitamin containing drugs
20. The main mechanisms of side effects of cellular and tissue metabolism correctors, vitamin containing drugs
21. Contraindications of cellular and tissue metabolism correctors, vitamin containing drugs
22. Factors contributing and reducing the side effects of cellular and tissue metabolism correctors, vitamin containing drugs

23. Principles of prevention of side effects of cellular and tissue metabolism correctors, vitamin containing drugs
24. Nomenclature of chemotherapeutical drugs (sulphonamides, antibiotics, antivirals, antituberculous, antifungal, antitumor drugs)
25. Typical and other side effects of chemotherapeutical drugs
26. The main mechanisms of side effects of chemotherapeutical drugs
27. Contraindications of chemotherapeutical drugs
28. Factors contributing and reducing the side effects of chemotherapeutical drugs
Principles of prevention of side effects of chemotherapeutical drugs
29. Nomenclature of drugs affecting the GIT
30. Typical and other side effects of drugs that affect the GIT
31. The main mechanisms of side effects of drugs that affect the GIT
32. Contraindications of drugs that affect the GIT
33. Factors contributing and reducing the side effects of drugs that affect the GIT
34. Principles of prevention of side effects of drugs affecting the GIT
